## Overview of MVUB collective membership

- Collective membership of the intermediate staff association provides a structurally secure link between faculty mid-level academic representation and the university level.
- The faculty (also: department, institute, centre) receives one vote at the MVUB general assembly as a collective member. Voting rights are exercised by the designated contact person.
- Participation is voluntary. Upon request, the registered person may also take a regular seat on the MVUB Board and receive voting rights.
- The contact person will receive the exclusive MVUB newsletter. They are responsible for distribution within the faculty.
- The MVUB Executive Committee officially confirms the admission of the collective member at a regular Executive Committee meeting. The contact person then receives confirmation from the MVUB office.
- Free legal advice is only available to individual members.
- Members of the Intermediate staff can be individual as well as collective members at the same time.
- Changes of contact person must be reported to the following e-mail address:  
[leitung.mvub@unibe.ch](mailto:leitung.mvub@unibe.ch)
